

Chimwenje Abdhallah Kwale County, Kenya | 0111997781 | adhallahchim@gmail.com

OBJECTIVE

As an enthusiastic and detail-oriented Computer Science student, I am committed to using my technical skills and knowledge to contribute to impactful and innovative technology solutions. With a strong foundation in web development, database management, cybersecurity, and network configuration, I am prepared to thrive in fast-paced and challenging environments. My education at Kirinyaga University, complemented by certifications in cybersecurity, data science, and AI, has equipped me with the theoretical and practical skills needed to solve complex problems efficiently. Throughout my academic journey, I have demonstrated a consistent passion for understanding how technology can be leveraged to create scalable and secure systems. My hands-on experiences during industrial attachments, where I worked on configuring enterprise networks and troubleshooting critical systems, have helped refine my technical capabilities and strengthened my ability to work collaboratively in professional teams. I possess strong analytical skills, attention to detail, and a methodical approach to problem-solving, allowing me to assess technical issues and develop practical solutions effectively. Beyond technical knowledge, I bring excellent communication and interpersonal skills that help me work seamlessly with both technical and non-technical teams. I am particularly interested in opportunities that challenge me to expand my abilities in cybersecurity, web and software development, network engineering, and data analytics. My ultimate goal is to be part of an organization that values innovation, continuous improvement, and professional growth. I am eager to contribute meaningfully to organizational objectives while sharpening my skills to align with emerging technologies and industry standards. I believe that technology is a powerful tool for transforming lives and businesses, and I am committed to being

part of this transformation by developing reliable, user-centered solutions and maintaining the highest standards of quality, security, and performance.

EDUCATION

Bachelor of Science in Computer Science Kirinyaga University, School of Pure and Applied Sciences

High School: Kwale High School | 2017 - 2020 Grade: B Plain

Primary School Malungoni Primary School | Graduated 2016 Marks: 359

CERTIFICATIONS

Cisco Certifications: CCNA1 , CCNA2 , CCNA3 , Data Science , Cybersecurity , Data Analytics, Computer Hardware Basics , Junior Cyber Analyst

HP LIFE Certifications: Success Mindset, Cash Flow, Basics of Finance, Profit and Loss, Sales and Forecasting, AI for Beginners

SKILLS

Web Development: HTML, CSS, JavaScript,

Database Management: MySQL

Networking: Cisco Network Configuration and Troubleshooting

Data Analysis and Visualization: Excel, MATLAB

Cybersecurity: Security principles and best practices

Professional Skills: Analytical thinking, communication, and problem-solving

EXPERIENCE

Industrial Attachment Dian Networkx, Ukunda | May - August 2022, May - August 2023 -

Participated in networking projects including configuring routers, switches, and troubleshooting connectivity issues.

- Gained practical exposure to network security protocols and maintenance of enterprise-grade networks.

PROJECTS

A Show Marketplace System

- Designed and developed a marketplace web system where users can browse various shows and book tickets online.

- Built using JavaScript, HTML, PHP, CSS, and MySQL for the backend database.

INTERESTS

- Artificial Intelligence and Machine Learning

- Web Development

- Data Analysis

- Network Engineering and cybersecurity analyst

- Creative Problem-Solving
